

Greasinator[®]

Attacks Grease Not You!

Heavy degreasing with power, safety and sustainability for all your industrial needs

Greasinator[®] — you'll be able to breathe easier knowing you're using an environmentally preferred degreasing product that works as well as traditional solvents. Greasinator has no hazardous ingredients and eliminates the use of butyls, trichloroethane, Stoddard solvent, and other harsh ingredients.

- Low VOC's
- Neutral pH- with no bleaching, fading or damage that occurs with alkaline cleaners
- Safe for any water-safe surface

Also available in RTU!

Greasinator[®]

POWERED WITH GNx2[™] TECHNOLOGY

- ▶ Improved cleaning power
- ▶ Only plant derived renewable resource ingredients
- ▶ Reduced aquatic toxicity
- ▶ Reduced human toxicity
- ▶ Improved biodegradability
- ▶ Low VOC's
