What the Pros Know

Mildew stains require special attention for safe and fast removal. Use carefully around carpeting, fabrics, and textiles.

Do NOT mix with acid products.

- Fast acting - Saves time
- No scrubbing - Easy to use
- Ready to use - Convenient; no mixing
- Bleaching action - Eliminate mildew stains

Mildew stains can be one of the most unsightly blemishes in any facility, causing patrons to question it's overall cleanliness. Here is the answer to fighting tough mildew stains. Remove mildew stains on grout between tile, around shower stalls, and around bathtubs. It is easy to use; simply spray on and watch stains disappear in minutes. This product works quickly to clean and whiten even the most difficult stains. One application is usually all it takes. Safe to use on porcelain, ceramic tile and fiberglass.

Directions

Wear safety equipment recommended on MSDS, and read all directions and cautions prior to beginning your work. See label for complete directions and use only as directed.

Ready to use. Just spray on and mildew stains will disappear.

Rinse after stain is gone.

Do not mix with acids or other chemicals.
