OMNI SWEEP™

- Chemical to purchase: Sweeping Compound.
- Unique Omni Sweep sweeps away everything from heavy debris to fine dirt particles, all in one step.
- Synthetic bristles are angled for fast and effective cleaning on all types of floor surfaces.
- Plastic block includes a threaded hole for handle installation. The threaded fiberglass handle with locking Flex-Tip™ (14003) is the best selection for highly productive sweeping. Handle sold separately.
- Suitable for a HACCP compliant program.

FLOOR AND STREET SWEEPS

- Chemical to purchase: Sweeping Compound (except for the flagged sweeps).
- Fine sweeps remove dust and fine dirt particles with soft, lightly crimped and flagged filament.
- Medium sweeps, whether dual-filled polypropylene or Tampico, provide an excellent all around tool for smooth and medium surfaces.
- Heavy sweeps have stiff polypropylene bristles for added durability to handle sidewalks, parking lots and similar rough surfaces. Not affected by water or petroleum.
- Street sweeps are designed with long-wearing crimped bristles for use by street cleaning and construction crews.
